

## **Nova Southeastern University Faculty/Administrator Positions**

Nova Southeastern University (NSU) invites applications for multiple faculty/administrator positions in the newly founded **College of Engineering and Computing (CEC)**. Some positions can start as early as in January 2017. CEC is particularly interested in candidates with strengths in engineering with focuses on bioengineering (biomedical or biomaterials engineering) or industrial and system engineering. Candidates with interests and background in interdisciplinary disciplines with relevance to sustainability engineering and technology, computational engineering and life sciences are strongly encouraged to apply for the following positions\*:

**Assistant/Associate Professors, Department Chair of Engineering and Technology, Associate Dean for Academic Affairs, and Associate Dean for Research and Outreach.**

### **RANK & SALARY:**

Rank and salary will be commensurate with education and experience.

### **COLLEGE OF ENGINEERING AND COMPUTING:**

The newly formed College Engineering and Computing brings together 150 students in the four undergraduate programs with about 1,000 graduate students from previous colleges and programs on the NSU Campus into three new departments: The Department of Engineering and Technology, the Department of Computer Science, and the Department of Information Systems and Cybersecurity.

The College offers Ph.D. degrees in Computer Science, Information Systems, and Information Assurance; M.S. Degrees in Information Technology, Computer Science and Information Security; and B.S. degrees in Computer Engineering, Computer Science, Information Technology, and the new inaugurated General Engineering. For more information about the College of Engineering and Computing, please see: <http://cec.nova.edu> and <http://www.nova.edu>

### **NOVA SOUTHEASTERN UNIVERSITY**

Nova Southeastern University (NSU) is a private, not-for-profit, accredited, coeducational University, Carnegie-classified as both “high research activity” and “community engaged” university. NSU is the tenth largest four-year, not-for-profit, private Carnegie research university in the United States. The University’s programs are administered through colleges and schools that offer courses at the Fort Lauderdale campuses as well as at locations throughout Florida, across the nation, and in 12 countries.

NSU offers more than 150 degrees and is internationally known for its quality of service and education. It offers many different educational options including certificate, baccalaureate, masters, Ph.D.’s and professional doctorate programs. NSU has more than 25,000 students and budgeted revenues in excess of \$600 million and is accredited by the Southern Association of Colleges and Schools Commission on Colleges.

Complete applications will be reviewed in November, 2016, and continue until the positions are filled. For more information about the application requirements please visit <http://www.nsujobs.com> and search for College of Engineering and Computing for desired positions. If you have any questions, please contact Ms. Sylvia Yepes, Director of Finance & Administration at [yepessil@nova.edu](mailto:yepessil@nova.edu)

Nova Southeastern University is an Equal Opportunity Employer committed to diversity in its educational programs.
